Profile

As a dedicated and results-oriented web developer, I bring a passion for crafting dynamic and user-centric digital experiences to the forefront of my work.

Projects

E-COMMERCE (CRUD OPERATION),
Technologies and Tools Used: HTML, CSS, React, Node JS, Express JS, MongoDB, Git

- As the lead developer for my inaugural full-stack project, I undertook the design and development of e-commerce website. My skills in both front-end and back-end technologies, I successfully implemented CRUD (Create, Read, Update, Delete) operations to user experience.

MY PORTFOLIO WEBSITE, *Technologies and Tools Used: HTML, CSS, REACT*

- I utilized HTML, CSS, and React to build my dynamic and interactive portfolio, highlighting my proficiency in key web development technologies.

- Ensured optimal viewing experience by implementing responsive design techniques, guaranteeing seamless functionality across various devices.
